

EDUCATION

COLUMBIA UNIVERSITY

New York, NY

Dual MBA (Tech Strategy & Entrepreneurship) + MS in AI & Machine Learning

2024 – 2026

- *Co-President of AI Club*: Defined roadmap and scaled community 4x to 900+ paid, active members; established partnership network with Anthropic, Google, and 30+ startups, orchestrating 100+ events including the multi-school AI Startup Challenge
- *Speaker, MathWorks Finance Conference 2025*: Built end-to-end RAG pipeline that transforms academic research papers into a graph vector database to source and validate alpha-generating strategies; presented to 200+ academic and industry professionals
- *Recognition & Awards*: Manus AI Fellow, Graduating Class Marshal, William J. Heffernan Award, Glenn Hubbard Scholarship
- Teaching Assistant for Analytics & Operations Research (Engineering), Digital Strategy, and Executive Education AI programs

YONSEI UNIVERSITY

Seoul, Korea

B.B.A., Finance and Operations Research

2010 – 2016

- *Military Service*: Sergeant, United States Forces Korea (2011 – 2013); Chief of Staff to Provost Marshal of the US Army
- *Study abroad*: Claremont McKenna College (USA, 2014); King's College London (UK, 2015)

EXPERIENCE

ANTHROPIC

New York, NY

Claude Ambassador / Technical Community Lead

2025 – 2026

- Launched and grew Claude builder community 0→1,300+; designed the program roadmaps and owned delivery end-to-end, from Claude Code onboarding workshops to flagship hackathons; recruited, onboarded, and coached new student ambassadors
- Built and executed engagement playbook across technical builders and startup founders, through 30+ sessions in agentic AI reaching 600+ professionals; owned and led sessions in CBS's flagship Executive Education AI programs to Fortune 500 execs
- Shipped live demos and prototypes, including a GPT router that saved token consumption by 60% of a voice AI startup; authored original frameworks and technical deep-dive content on AI-native workflows (4K+ pageviews, 1K+ unique readers in 10 weeks)

AMAZON (NASDAQ:AMZN)

Seattle, WA

Senior Product Manager Intern, Devices and Services

2025

- Designed Fire TV Ads' 3-year AI platform strategy by leading discovery and aligning stakeholder demands across 20+ teams, that resulted in an agentic AI orchestration layer for cross-platform ad campaigns; secured leadership approval

COUPANG (NYSE:CPNG)

Seoul, Korea / Taipei, Taiwan

Technical Product Manager, Finance Platform and Engineering

2023 – 2024

- Built and shipped 0-to-1 a data pipeline of a new B2B product for Taiwanese suppliers — defined product requirements, prioritized features by facilitating cross-functional alignment between engineering, data, and business teams across 3 countries; shipped automated contract processing and payment data reconciliation that unlocked +2.5% GMV
- Led change-management workflows of an enterprise revenue recognition system, defining acceptance criteria and orchestrating 100+ stakeholders to identify and prioritize settlement backlog; cleared 95% of deferred revenue backlog spanning 6-year period
- Drove -96% in data errors and +90% in month-end closing efficiency by defining validation requirements for a high-throughput pipeline utilizing Kafka and Spark; bridged accounting and engineering requirements to enable and scale real-time data tracking

CONCAT — University-incubated FinTech startup (exited to a major insurance firm)

Seoul, Korea

Co-founder / Head of Product & AI

2017 – 2023

- Co-founded and scaled an AI-native insurance optimization platform from initial hypothesis through 3 pivots to product-market fit, validating via extensive user research and hypothesis testing; led pre-sale negotiations that resulted in a strategic acquisition
- Owned end-to-end delivery of an AI-powered personalization engine — built automated aggregation of insurer coverage data, ML optimizer, and expert-rubric model eval — driving a 2x increase in conversion for lead generation over the legacy baseline
- Forward-deployed to an insurance partner's C-suite to architect an enterprise AI and data transformation roadmap, embedding AI into core product roadmap that drove +300% in market valuation multiple ahead of a successful IPO in November 2020
- Led R&D for NLP and predictive analytics; secured 3 government grants and achieved a global top-20 in Kaggle Competitions

TECH SKILLS & COMMUNITY INVOLVEMENT

Technical Skills: Python, SQL, RAG, vector databases, LLM evals, agent orchestration, Kafka, Spark, AWS, Financial Modeling

Communities: mentoring students at CFA Society NY, member of street dance crews in Seoul & New York, lifetime fan of Disney
