

EDUCATION

COLUMBIA UNIVERSITY, Dual MBA & MS Program MBA, Finance and Tech Strategy

New York, NY
2024 – 2026

- *Leadership*: Co-President of AI Club — Defined roadmap and scaled community 4x to 900+ paid, active members; established partnership network with Anthropic, Google, and 30+ startups, orchestrating 100+ events including NYC's largest AI hackathon
- *Recognition & Awards*: Manus AI Fellow, Dean's Honors, William J. Heffernan Memorial Award, Glenn Hubbard Scholarship

MS in AI & Machine Learning

- *Speaker, MathWorks Finance Conference 2025*: Built end-to-end RAG pipeline that transforms academic research papers into a graph vector database to source and validate alpha-generating strategies; presented to 200+ academic and industry professionals
- Graduating Class Marshal; Teaching Assistant for IEOR4511 Analytics & Operations Research, and MRKT8671 Digital Wars

YONSEI UNIVERSITY

Seoul, Korea

Bachelor of Business Administration, Finance and Operations Research

2010 – 2016

- *Military Service*: Sergeant, United States Forces Korea (2011 – 2013); Chief of Staff to Provost Marshal of the US Army

EXPERIENCE

ANTHROPIC

New York, NY

Claude Ambassador — Enablement & Go-to-Market

2025 – 2026

- Defined and executed Claude's GTM strategy, growing NYC developer ecosystem 0→1,300+ by segmenting the market into technical builders and enterprise decision-makers, then designing multi-faceted adoption funnels that drove 40%+ MoM growth
- Designed enablement programs and delivered workshops on agentic AI workflows to 600+ professionals across financial services, consulting, and tech — translating latest AI capabilities into applied use cases for technical and non-technical audiences
- Published original technical deep-dive content on agentic AI and AI-native workflows, reaching 4K+ pageviews and 1K+ unique readers within 10 weeks; guest-lectured in CBS's flagship Executive Education AI program and judged at major AI hackathons

AMAZON (NASDAQ:AMZN)

Seattle, WA

Senior Product Manager Intern, Devices and Services

2025

- Designed Fire TV Ads' 3-year AI platform strategy by leading discovery and aligning stakeholder demands across 20+ teams, that resulted in an agentic AI orchestration layer for cross-platform ad campaigns; secured leadership approval
- Built the product roadmap by defining success metrics and designing a predictive ML model — trained on trailer engagement, demographics, and box office data — to close attribution gaps, securing executive buy-in and projecting 286% lift in conversions

COUPANG (NYSE:CPNG)

Seoul, Korea / Taipei, Taiwan

Technical Product Manager, Finance Platform and Engineering

2023 – 2024

- Built and shipped 0-to-1 a data pipeline of a new B2B product for Taiwanese suppliers — defined product requirements, prioritized features by facilitating cross-functional alignment between engineering, data, and business teams across 3 countries; shipped automated contract processing and payment data reconciliation that unlocked +2.5% GMV
- Led change-management workflows of an enterprise revenue recognition system, defining acceptance criteria and orchestrating 100+ stakeholders to identify and prioritize settlement backlog; cleared 95% of deferred revenue backlog spanning 6-year period
- Drove -96% in data errors and +90% in month-end closing efficiency by defining validation requirements for a high-throughput pipeline utilizing Kafka and Spark; bridged accounting and engineering requirements to enable and scale real-time data tracking

CONCAT

Seoul, Korea

AI-powered FinTech startup for B2C insurance optimization – Exited to a major insurance firm

2017 – 2023

Co-founder / Head of Product & AI

- Co-founded and scaled an AI-native insurance optimization platform from initial hypothesis through 3 pivots to product-market fit, validating via extensive user research and hypothesis testing; led pre-sale negotiations that resulted in a strategic acquisition
- Owned end-to-end delivery of an AI-powered personalization engine — built automated aggregation of insurer coverage data, ML optimizer, and expert-rubric model eval — driving a 2x increase in conversion for lead generation over the legacy baseline
- Forward-deployed to an insurance partner's C-suite to architect an enterprise AI and data transformation roadmap, embedding AI into core product roadmap that drove +300% in market valuation multiple ahead of a successful IPO in November 2020
- Led R&D for NLP and predictive analytics; secured 3 government grants and achieved a global top-20 in Kaggle Competitions

TECH SKILLS & EXTRACURRICULAR

Technical Skills: Python, SQL, LLMs, RAG, Vector Databases, AI Evals, Kafka, Spark, AWS, A/B Testing, Financial Modeling

Others: CFA Society mentor, member of street dance crews in Korea & USA, IKO certified kiteboarder, lifetime fan of Disney
